

# AI Stack Review

Client: Sample E-Commerce Operator (anonymized) | Delivered: 48 hours | Price: \$99

This is a sample AI Stack Review delivered to a client. Real reports are written specifically for your business after you complete a short written intake. Numbers below are representative of typical findings.

## 1. Executive Summary

Reviewed 7 active AI/SaaS subscriptions totaling **\$612/month**. Identified **\$340/month in immediate savings** (annualized: \$4,080) and 2 high-impact automation paths using tools already in the stack. Net opportunity in first 90 days: **~\$5,200** recovered cost + **~8 hours/week** of operator time.

## 2. Tool & Cost Audit

Tool	Monthly	Status	Recommendation
ChatGPT Team (3 seats)	\$75	Keep	Core writing + ops
Jasper AI	\$59	Cut	Duplicates ChatGPT output
Copy.ai	\$49	Cut	Duplicates ChatGPT output
Notion AI add-on	\$96	Downgrade	Use base Notion + ChatGPT
Zapier Pro	\$73	Keep	Automation backbone
A custom GPT wrapper	\$120	Cut	No measurable output in 60d
Loom AI	\$140	Keep (review Q2)	Used by support team

**Immediate savings: \$340/month.** Three tools eliminated; one downgraded.

## 3. Workflow Findings

**A. Manual product description writing (~4 hrs/week).** Currently routed through Jasper. Replace with a templated ChatGPT prompt + Zapier trigger from Shopify product creation. Estimated recovered time: 3.5 hrs/week.

**B. Customer support triage (~3 hrs/week).** Inbound emails are manually categorized. Add a Zapier + ChatGPT classifier to route by intent. Estimated recovered time: 2 hrs/week.

**C. Weekly reporting (~2 hrs/week).** Manually compiled in Notion. Use existing Notion API + ChatGPT to draft. Estimated recovered time: 1.5 hrs/week.

## 4. Prioritized Action Plan

#	Action	Effort	Impact
1	Cancel Jasper, Copy.ai, custom GPT wrapper	15 min	+\$228/mo
2	Downgrade Notion AI add-on	5 min	+\$96/mo
3	Deploy Shopify→ChatGPT product description Zap	2 hrs	3.5 hrs/wk
4	Deploy support email classifier	3 hrs	2 hrs/wk
5	Automate weekly Notion report	2 hrs	1.5 hrs/wk

## 5. Recommended Next Step

Items 1–2 can be done by the operator in under 30 minutes. Items 3–5 fit a single Workflow Cleanup engagement (\$750–\$1,200) and would be delivered in 5–7 business days. No retainer required.
